

Town Board Work Session Wed – Feb 22nd – 8:00 am

Present: Supervisor, Merton K. Wiepert; Councilmen Larry White, Thomas Baia, Jeff Baker, and Joe Fleckenstein; Highway Superintendent Scott Hillman; Town Engineer Dave Britton; and Supervisor's Assistant Norm Ault.

The meeting was called to order at 8:00 am. Town Engineer Dave Britton gave a short presentation showing where ground mounted solar panels would be placed at the Town Hall. The solar panels would be set on the roof at the DPW Garage.

Councilman White moved, Councilman Baker seconded a motion to authorize the Town Engineer to work with NYSEDA to change the two grants from wind turbines to solar panels. Also, to authorize him to prepare all necessary bid documents. All Ayes', Motion Carried.

Councilman Baker moved, Councilman Baia seconded a motion to follow the recommendations of the Town Engineer who complete a short SEQR form for both the Town Hall and Highway Garage and at the recommendation of the Town Engineer to make a negative declaration for each sight. All Ayes', motion carried.

Councilman White stated that, since Grant Writer Bernie Rotella was on a month to month contract, we should review his performance on a regular basis.

With no other items before the Board, the work session was adjourned at 8:40 am.

Norm Ault
Deputy Town Clerk
