### 2. Report 2015-57

#### Storm Water Manager

The board discussed who should be appointed as Storm Water Manager. Roy Rogers was suggested because he has had training and is certified. But there was concern about him having enough time to do the job, which entails a lot of work. Another name that was brought to the table was John Stevens, the Village Building Inspector. There is currently \$6,000 budgeted for this position. It's imperative to have someone appointed to this position by the end of March. This will be discussed further, no decision was made.
